

Introducing Power PDF Advanced v 3.0

Empowering Digital Workers to Secure information,
Drive Efficient Document Workflows and increase Business Performance

Microsoft® Office Conversion Accuracy

Leveraging the latest advancements in Nuance's document conversion technology, workers benefit from incredibly accurate, searchable PDFs and Microsoft Office documents—with original layouts faithfully preserved.

“I use PDF software extensively in my accounting practice for bank statement to *csv* or *x/s* format conversions and for delivering electronic copies of completed documents to clients. Power PDF 3.0 is an integral part of my business processes.”

Mary Wilkes, Accalia Accounting Ltd.

Real-time Document Collaboration

Power PDF Advanced allows multiple parties on same network to edit PDF documents without inefficient back-and-forth processes, while also eliminating document merge conflicts.

Improved User Experience

New Tabbed Document Viewing	New Ribbons	New Color Skins
allows workers to open multiple documents within a single window	put advanced feature sets front and center	allow workers to personalize their experience
		

“The added new option to view documents in separate tabs within the same window is a big plus for me. I am able to do more and be more productive.”

Michael Conde, Attorneys' Title Fund Services

Document Compatibility

Power PDF 3.0 supports the ISO PDF 2.0 standard, ensuring documents are compatible with the full range of existing PDF readers and processors.

DocuSign® Integration

Power PDF Advanced features eSignature support from DocuSign®, allowing workers to conveniently sign and send documents as part of a secure workflow.

Simplified Editing

New methods for intelligently recognizing blocks of text that wrap correctly when edited

Assemble and organize documents faster, including the ability to combine open documents into a single PDF with one button

Simplified interface reduces the need for training, as even novice users can get up and running quickly

“Power PDF 3.0 takes minutes to learn how to use and has a robust number of features to communicate in less time.”

Jim Olive, Copiers Northwest
