

eCopy ShareScan Family Comparison.

Scanning and workflow platform with bundles to meet the requirements of any sized business

Configurations that add real value

eCopy is built on an extensible platform, enabling you to further expand functionality by adding business application connectors and document process extenders.

Nuance offers eCopy ShareScan in 5 product editions that include different connectors and extenders. If you have invested in an eCopy edition that doesn't include the connector you need, please refer to the chart below on how to buy.

eCopy ShareScan Elements:

Improves on critical business collaboration processes like scanning to email, shared folders, home folders, and sending to your PC desktop.

eCopy ShareScan Office:

Does everything Elements can do plus any one of our additional destination connectors for document management systems such as Microsoft SharePoint or Cloud repositories.

eCopy ShareScan Suite:

All the functionality options eCopy ShareScan has to offer plus any three of our additional destination Connectors for document management systems such as Microsoft SharePoint or Cloud repositories. Additionally you get critical business processing capabilities including Barcode Processing, and Bates Stamping.

eCopy ShareScan Enterprise:

High scalability and high automation document capture workflow platform. Includes all Nuance eCopy Connectors and Extenders in a single, low cost license for deployments with 50 or more MFPs.

Designed to attach to virtually any MFP or scanner:

eCopy ScanStation:

This freestanding kiosk turns any MFP or scanner into a full-service scanning automation station.

eCopy Business Connect:

Extend ShareScan Office or Suite workflows to mobile users for enhanced productivity.
